2021 ANNUAL REPORT

MESSAGE FROM SECRETARY

The year 2020 - 21 has been the most struggling year so far for the institution. Where the whole country was fighting against Covid - 19 pandemic at the same time organization was trying to cooperate and help to needy people and beneficiary of organization. The biggest challenge ahead of organization was to deliver ration and health services to the needy people from March 2020 to July 2020. After that it is quite smooth but due to covid - 19 there was always a fear about the earlier lockdown. Providing ration to the orphans, helpless and needy stakeholders had also become a big task. In the first wave of Covid - 19 people have made distance from their loved ones and used to think that, meeting each other means inviting Covid - 19. Well, by March 2021, the second wave of Covid - 19 arrived and news started coming every day about the death of the stakeholders and acquaintance. It was a very difficult period.

In the difficult phase of Covid - 19, the work started by technology, planning of work and meetings was taking place virtually. With this new technology, the era of virtual meetings started and daily work became virtual. The importance and quality of physical work is very high, but due to the circumstances this work also started doing better.

Due to Covid - 19, the year 2020 - 21 was very fatal from the point of view of the loss of mankind. The loss of public was not only in thousands but in lakhs. May God grant peace to those souls. In all these adverse circumstances, I express my gratitude to allied institutions, state and district administration, Bhamashah, stakeholders and all the officials and staff associated with the institution that all have provided all kinds of cooperation at their level.
